The Orc performs 2x Longsword OR 2x Longbow attacks per turn plus the following:

The Orc engages in melee with its Longsword or keeps its distance and uses its Longbow. GM's choice.

The Orc uses poison-tipped arrows and a longsword coated in the same poison. After a successful hit from either, a failed ST results in an immediate drop of 3 points in a random ability score. The effect is cumulative with additional failed STs against the poison and lasts for 24 hours.
